THRU : Chief, Industrial Division, ORR
Chief, Electronic Equipment Branch, D/I, ORR

Guidance of NSA in Intercept Planning

REF : OGI/Spint Memorandum to Chief, St/C, same subject

1. The referenced memorandum has been studied in terms of the capabilities of this Branch to contribute to the suggested intra-Agency working group.

2. It is felt that this Branch could participate in such a group, and be of some assistance in the preparation of such a study. It is suggested, however, that prior to any commitment of such participation all interested Agency components meet to outline a set of guideline terms of reference to determine the extent of the effort which would be required. A representative from this Branch can be named for participation in such a planning session.
